DIRECTIVE:

NEEF Funding and Prevention

Agencies wishing to apply for funding for the Niagara Emergency Energy Fund (NEEF) will have an opportunity to do so through an EOI being released on March 15, 2017. This NEEF funding will be administered differently than it has been in the past. The NEEF funding will be for agencies who wish to provide the NEEF funds to clients, and will receive a percentage of their payments out as their administration fee.

This means that any additional prevention work that was previously carried out by NEEF staff will no longer be funded in through the NEEF EOI. Therefore, any prevention work that was previously taking place under NEEF funding should now be applied for through the Prevention EOI which is available on the Niagara Region website: <http://niagararegion.ca/business/tenders/2017-EOI-02.pdf>

Thank you.

**All other terms and conditions remain unchanged.**
