Good Afternoon,
Thank you for submitting your comments on the proposed settlement area boundary expansions.
We will be forwarding these comments to the appropriate staff for consideration.
Best Regards,
Official Plan Team

Settlement Area Boundary Review Mapping

comments
As a single parent of 3 special needs children (who are all grown up) I would have loved the opportunity to have been able to use the facility. It would

have been not just a learning opportunity but also a good reward system as well. We need more of these places especially with Covid. It teaches everyone how to respect the area, the animals and themselves. It gives everyone and everything a way to feel useful. People who don't have jobs at least have a place Togo to feel useful and needed. With more resources this could be a fantastic opportunity for people to enjoy. Could even be made into a school credited course. For younger, high school and college students.
