Good Morning Judy,

Thank you for these comments, as well as your submissions from Jan. 20th and Jan. 22nd. I will ensure staff involved in the housing, climate change, and natural environment work programs are provided your comments.

Best Regards,
Official Plan Team

Settlement Area Boundary Review Mapping

comments

We have a climate crisis and an affordable housing crisis both concerns largely not addressed for the past decade(s) by our regional and municipal governments....hence the CRISIS status. All development must consider these priorities anything less is irresponsible governance and total waste of tax dollars. IGNORING these crisis causes high financial longterm costs and life threatening conditions. Our governments responsibility is to preserve, protect, and enhance our Community Health. THAT MUST BE CLEAR IN OUR OP. WHEN I REVIEW THIS PLAN I SEE VERY AMBIGUOUS LANGUAGE THAT CAN BE INTERRUPTED AND DETERMINED TO FIT MANY SENARIOUS AND THIS CONCERNS ME VERY VERY MUCH. THIS PLAN MUST NOT LEAVE ANY GAPS THAT CAN BE MWNIPULATED. UNFORTUNATELY THAT IS WHAT HAPPENS OVER AN OVER COSTING SO MUCH LEGAL ENTANGLEMENT...a very serious cost in time AND financial cost to US the taxpayers. Please avoid these loopholes and use language that is CLEAR AND PRECISE...the climate crisis is on a strict timeline and our Official Plan needs to be in tune with that timeline not wasting time and money on legalities.thank you
