**Subject:** RE: Detailed mapping request

Hello Mil,

In regards to the below email, could you please provide some more detail on what exactly you would like to see in a map of Smithville? Some guidance on what you are interested in will help us assist you in your request.

Additionally, I am responding to an email (dated January 6, 2022) from yourself with the following question:

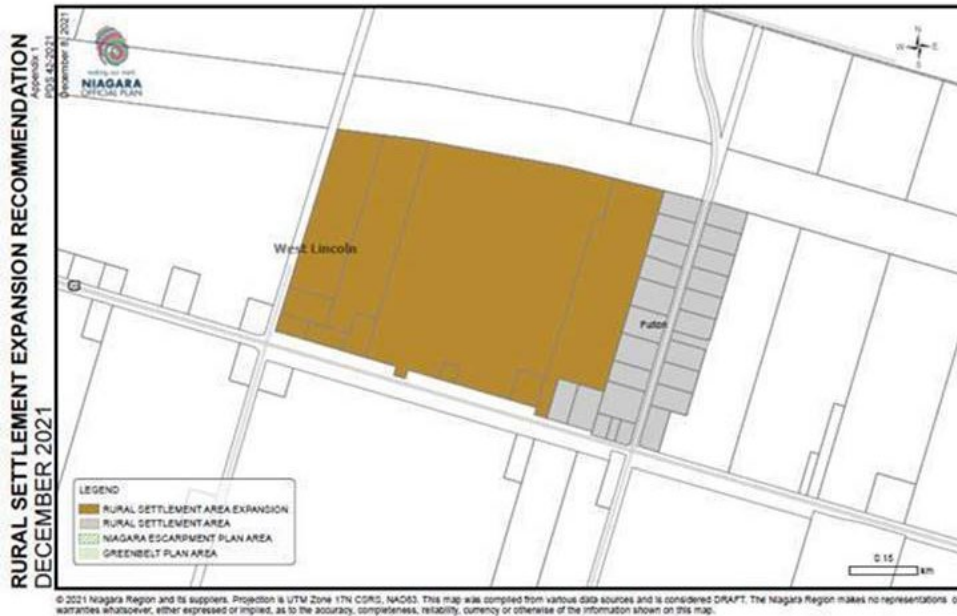

*I'm trying to find out if my parents' property is part of the urban expansion. Appendix 1 PDS 42-2021 map 4, identified Fulton and Hwy 20 but no other street names.*

*Could you please confirm the street boundary lines of the urban expansion.*

The street bordering the west side of the brown area below, that runs north-south is South Grimsby Road 19.

South Grimsby Road 18 runs north-south through the grey area of Fulton.

Hwy 20 runs along the bottom of the area in an east-west direction, and the top of this area is a hydro corridor.

I hope that helps.

Best Regards,

**Karen Costantini**

Subject: Detailed mapping request

Good morning

Would you please forward a more detailed map on Smithville.

Thank you  
Mil Kovacevich
