---

Hi Tina,

Thanks for the email. I'm sorry you missed the event. We will be posting the video recording of the session, presentation, and a table of Q&A responses on our website in a few weeks.

We also have two more webinar's planned in the next while. On February 10<sup>th</sup> we will host a webinar on the Natural Environment System ([Webinar Registration - Zoom](#)), and on February 24<sup>th</sup> we will host a webinar on the draft consolidated Official Plan ([Webinar Registration - Zoom](#)).

The best way to stay apprised of our information and consultations, is to sign up for updates through the "stay informed" greyed box on the right hand side of our homepage – you will need to scroll down slightly ([Niagara Official Plan - Niagara Region, Ontario](#)).

In the meantime, there are a couple resources I can point you towards that you may find helpful in terms of the Settlement Area Boundary recommendations:

[mapping tool](#)  
[Niagara Official Plan Settlement Area Boundary Review Reports - December 2021 \(niagararegion.ca\)](#)

If there is any other information you require, just let me know.

Best Regards,

**Karen Costantini**

**Subject:** Settlement Area Boundary Review Recommendations

Hello.

Unfortunately, I was not aware of the open house regarding the OP Settlement Area Boundary Review Recommendations. I was wondering if it is possible to receive any of the information that was presented at that open house – Power Point presentations, staff reports etc.?

Thanks so much.

Regards,

- Tina
