Settlement Area Boundary Expansion/Urban FE Site 3

Monday February 7, 2022 Re: Urban Boundary Expansion Fort Erie  
Recommendation Site #3 As the owner and operator of Last Chance Horse

and Pony Rescue and Sanctuary I am greatly concerned at the proposed Urban Expansion development. The proposal has just come to the attention of myself, volunteers and others affected by it. The LCHPR has been identified as part of the proposed changes to urban settlement area boundaries. With numerous sites for consideration, we at LCHPR need to continue to co-exist by following our charitable mission statement in protecting our existing purpose as a sanctuary. Future development will negatively impact our location, surrounding wildlife and agrarian lands. We need to be involved in future communications regarding additional proposals and changes. Your attention to resolving and excluding site #3 Fort Erie from the urban boundary expansion is crucial to our existence and neighbouring lands. We are forwarding letters of support from organizations and individuals and also invite you to review our activities on our website [lchpr.org](http://lchpr.org) example the " Teen "tab.
